Kimberly,

I think that is a good idea. I may also have some additional contacts over there from a recent Govt. Coordinating Council meeting I was in on PFAS. Let me look back at my notes and I will get back with you. Might be good to compare with Mano's information.

Thx

Jeff

**Subject:** FW: Ag Container Connection

Hi Jeff,

Wanted to loop you in on the contact information that Mano provided. We're hearing from CLA that FDA has a policy around the presence of pfas in food packaging. Similar to the conversation with Ex. 4 Personal Privacy (PP) that we're having tomorrow, what do you think about having a conversation with FDA around their policy and supporting assessments? I'd be happy to schedule. Thanks.

Kimberly

**Subject:** Ag Container Connection

Dear Drs. Nesci, Nguyen, Cureton, and Paul,

As discussed in our previous conversations, I would like to make this virtual introduction between Office of Food Additive Safety at FDA and Office of Pesticides Program at EPA.

Apologies for the delay in making this connection. Please let me know if I can be of any assistance.

Best wishes

Manojit
